

MODEL

8600

(Formerly Model 6600)

CARRIAGE HOUSE STEEL

Springfield panel, Almond/White finish, Somerton windows, Decorative hardware

DOOR FEATURES

Section Joints

Snug fitting tongue-and-groove section joints reduces wind and weather from entering the garage.

Durable DecaTrim™ II Overlays

These overlay boards are specially treated to resist termites, weather and fungal decay.

Foamed-In-Place Polyurethane Insulation

Provides thermal efficiency with a U-factor* of 0.15 and an R-value** of 12.12, helps block street noise and makes the door operate more quietly.

*U-factor is independently tested and verified per ANSI/DASMA 105 using solid doors and specific product sizes.

**Wayne Dalton uses a calculated door section R-value for our insulated doors.

High Cycle Spring Option

Choose a 25,000 cycle spring for more than twice the life of a standard torsion spring.

Heavy Duty Hinges

Attractive 14-gauge heavy duty hinges provide maximum strength between sections, stability and smoother door operation.

Quiet Rollers

Ball-bearing rollers with nylon wheels and solid steel shafts provide years of smooth, quiet and dependable service.

Wind Load Options

Available with hardware and reinforcements to comply with building codes in regions with high winds.

Limited Lifetime Warranty

1 Choose Your Style

All door top sections are available in arched or square designs.

Double car door designs are equivalent to 2 single-car doors side by side.

Terra Bronze/White

Brown/White

Black/White

4 Choose Your Windows

Window patterns are shown for an 8' wide single-car door. Spacing of windows may change depending on door size. Not all windows are available in all door sizes.

Routed windows

Doors built with the Routed windows use a clean top section design where the wood overlay is routed from a wood face panel.

Only available with smooth overlay trim.
