

LiftMaster Model 6580L

1 HPs Belt Drive Opener with Battery Backup and myQ Connectivity

- **Worry-Free Warranty:** Built to last and backed by a 6 year motor and belt warranty for peace of mind.
- **Battery Backup:** Keeps your garage working—even when the power goes out.
- **Ultra-Quiet Belt Drive:** Engineered for quiet, these openers are powered by DC

motors and reinforced belts that glide the door with minimal noise—perfect for homes with living spaces near the garage.

- **All-Day Visibility:** The 360° camera with adjustable wide-angle and full night vision lets you see every corner of your garage - day or night.
- **Frequent Use Power:** Engineered for higher-cycle homes, LiftMaster's DC motor delivers lift capacity similar to a 1 HP AC motor*—with smooth, consistent strength designed to last.

*For comparison only. DC motor lift capacity is not measured in HP.

- **Dual LED Lighting:** Brighter, wider coverage—no dark corners.
- **myQ Connectivity:** With the myQ app, control and monitor your garage from anywhere, anytime.

*Comes with one remote. Additional remotes available for additional cost.
